

**Welcome letter of the  
Chairman of the Management Board  
Associations of Designers of Kyrgyzstan  
Murzakulov T. Ch.**

**Dear colleagues!**

Welcome at the 19<sup>th</sup> International Congress and Exhibition Forum “Construction, Energy, Special Equipment, and Security”, within the framework of which the 19<sup>th</sup> “KyrgyzBuild” Specialized International Exhibition of Construction and Interior will be held in Bishkek.

The Association of Designers of Kyrgyzstan supports the holding of large-scale expositions dedicated to such areas as construction, energy, transport and industrial safety. After all, the modernization of these sectors of the economy requires the introduction of modern engineering solutions, energy-efficient technologies, environmentally friendly materials and innovations.

The “KyrgyzBuild” Exhibition is designed to promote the systematic development of specialized industries. Over the years, the exposition has proved to be a significant event in the life of the professional community of Kyrgyzstan uniting a representative audience of specialists from Kyrgyzstan and foreign countries.

The exposition creates a basis for consolidating the efforts, resources and potential of manufacturers of building materials, builders, architects, designers, engineers, prospectors and other categories of persons, and is also included in the range of interests of large suppliers and dealers developing the market of the republic.

I am sure that the “KyrgyzBuild” Exhibition of Construction and Interior will help its participants and guests to exchange experiences and establish useful business contacts, and the goods and services presented at the forum will be in demand in the construction industry of Kyrgyzstan.

I wish successful contracts, interesting discussions, successful work and all the best for you.

**Chairman of the Management Board of  
the Association of Designers of the  
Kyrgyz Republic**

**Murzakulov Taalaibek Choroevich**
