

**Welcome letter from the  
Minister of Energy of the  
Kyrgyz Republic  
Bekmurzaev D. Dzh.**

**Dear colleagues, guests and participants!**

Welcome to the 19<sup>th</sup> “Construction, Energy, Special Equipment, and Security” International Congress and Exhibition Forum within the framework of which the 12<sup>th</sup> “EnergyExpo Kyrgyzstan” International Specialized Exhibition of Energy and Lighting will take place.

Energy is one of the main directions of the state policy of the Kyrgyz Republic. Special attention is paid to the development of the industry. In particular, the government of the country has adopted a new medium-term tariff policy, measures to support investors aimed at participating in renewable energy projects are being worked out, mechanisms of public-private partnership have been developed.

The “EnergyExpo Kyrgyzstan” International Specialized Exhibition of Energy and Lighting is a highly efficient business platform for the exchange of professional experience in solving problems of the energy sector. The exposition creates prerequisites for the introduction of the latest developments in the energy sector of Kyrgyzstan, providing the business community with the opportunity to present innovative technologies, expand the horizons of cooperation and exchange experience with leading experts in the sector.

I am sure that the “Construction, Energy, Special Equipment, and Security” Forum which has become the leading specialized communication platform of the country will contribute to the development of effective forms of interaction between the subjects of the market of the Central Asian region and will give an additional impetus to the development of domestic energy and related industries.

I wish new impressions, fruitful work and success in achieving their goals to the participants and guests of the exhibitions.

**Minister of Energy and Industry of the  
Kyrgyz Republic**

**Bekmurzaev Doskul Dzhumagulovich**
