**Dear ladies and gentlemen!**

On behalf of the State Agency of Architecture, Construction and Housing and Communal Services (SAAC&HCS) under the Cabinet of Ministers of the Kyrgyz Republic, I welcome you at the 19<sup>th</sup> “Construction, Energy, Special Equipment, and Security” International Congress and Exhibition Forum and the 19<sup>th</sup> “KyrgyzBuild” International Specialized Exhibition of Construction and Interior.

It is gratifying that the Forum launched almost 20 years ago as a dialogue platform for finding solutions to topical issues of the development of the construction and energy sectors of the economy of the Kyrgyz Republic, has now become a full-fledged B2B platform for close interaction between the state and the business community, a place for generating ideas and projects, as well as the exchange of unique industry practices.

The expositions of the Forum clearly demonstrate the progressive development of key sectors of the economy of Kyrgyzstan, acquaint the business audience with the experience of domestic and foreign enterprises, present unique developments of leading industry brands from around the world.

The program of the event involves discussing the development of innovative approaches to the design of infrastructure facilities, transport and logistics routes, touches on topical issues of energy and industrial safety.

I am absolutely sure that the “KyrgyzBuild” Exhibition will meet the highest expectations of the guests and participants of the event.

I sincerely wish fruitful work, the implementation of your plans and the development of new business contacts to you.
